The original response shall contain the original manual signature of the authorized person signing the bid, and the electronic copy of the bid. Failure to include the original bid response and all signed copies may be grounds for rejection of your bid without further evaluation.

2. Each Respondent’s bid response shall include the information and required submittals described and as requested in the ITB.

3. Questions and requests for information may not be rearranged, regrouped, or divided in any way.

4. All information and required submittals requested SHALL BE in hardcopy and included in your written bid response. Responses shall not refer FSU to electronic media such as websites, CD’s, disks, or tapes in order to obtain the required information or submittals.

5. Information submitted that is not requested by FSU may be considered to be supplemental, not subject to evaluation.

6. If there is any information or required submittals which due to size or binding cannot be incorporated, the Respondent must provide information, telling the Sole Point of Contact where the information can be found in the response.

7. The Addenda Acknowledgement form shall be signed by a company representative, dated and returned to FSU by the date specified in Section V. for the bid due date/time. Failure to return an Addenda Acknowledgement form issued for this ITB may be grounds for rejection of the bid response.

Note: If Respondent’s bid deviates from these instructions, such bid may, at FSU’s sole discretion, be REJECTED.

Note: Any award hereunder is subject to the provisions of Chapter 112, F.S. All Respondents must disclose with their bid the name of any officer, or agent who is also an employee of the State of Florida, or any of its agencies. Further, all Respondents must disclose the name of any State employee who owns, directly or indirectly, an interest of five (5) percent or more in the Respondent’s firm or any of its branches.
VIII. DELIVERY OF BIDS

The original and number of copies specified above shall be mailed to the FSU Sole Point of Contact noted above. These copies must be received within Procurement Services no later than the date and time noted in the Calendar of Events. Emailed and faxed copies are not acceptable and shall be considered as an invalid response.

Note: Delivery to any other point on, or off campus is NOT acceptable and shall be grounds for rejection of the ITB.

a. Forms and Signatures. All bid responses must contain the Competitive Solicitation Acknowledgement form with a manual signature (or a facsimile). Bids must be typed except for those areas where the ITB specifically allows hand written entries. If submitted by mail, do not include more than one response in a sealed envelope or package. The face of the envelope or package shall contain the Procurement Services address as provided in this ITB, the date and time of the bid opening and the ITB number. Bids submitted on any attached response form or in another specified media may be rejected. Any manual changes made to an ITB price must be initialed. All bids are subject to the conditions specified herein. Any response that does not comply with these conditions will be rejected.

b. DO NOT ALTER THIS ITB document IN ANY WAY. The only acceptable changes or alterations to this ITB will be made in the form of addenda and issued only by FSU Procurement Services.

c. Responsible and Capable. Only fully capable and responsible companies or individuals, who are in good standing with the State of Florida and FSU, who can demonstrate the ability to fulfill all specifications, and that possess the financial capability, experience, and personnel resources to provide all goods and services of the scope and breadth described in this ITB should respond.

d. Respondent Warranty. The Respondent submitting the bid warrants that, to the best of their knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish its ability to satisfy Contract obligations, should a contract be awarded.

e. No Bid Submitted. If not submitting a response to this ITB, respond by returning only the ITB Competitive Solicitation Acknowledgement Form with the statement “NO RESPONSE” written on it and a brief explanation in the space provided on that form. Failure to respond to an ITB by not returning a response or this acknowledgement form may result in removal of your company from the FSU’s ITB bidder database.

f. Delivery Deadline. The absolute deadline for receipt of sealed responses is listed in Section V. The clock in the lobby of Procurement Services shall be the official timepiece for determining if a response has been received at the correct time. FSU is not responsible for lost, misdirected or mis-delivered, or late bid packages for Respondent(s) using delivery services/carriers (i.e. USPS, FedEx, DHL, UPS, etc.).

g. Samples. Samples of items, when called for, must be furnished free of expense, and if not destroyed, may, upon request, be returned at the Respondent’s expense. Each individual sample must be labeled with Respondent’s name, manufacturer’s brand name and number, ITB number and item reference. A request for return of samples shall be accompanied by instructions which include shipping authorization and name of carrier and must be received with your bid. If instructions are not received within this time, the samples shall be disposed of by FSU.
h. **Disqualification of Respondent.** Only one bid response from an individual, firm, partnership, corporation or association under the same or different names will be considered. Reasonable grounds for believing that a Respondent is involved in more than one bid response for the same ITB will be cause for rejection of the highest bid response in which such Respondents are believed to be involved. Any or all bids will be rejected if there is reason to believe that collusion exists between Respondents. Bids in which the prices obviously are unbalanced will be subject to rejection.

i. **Bid Materials.** The materials submitted in response to this ITB become the property of FSU upon delivery to Procurement Services.

j. **Effective Period of Bids.** Under this ITB, Bidder responses shall remain firm for a period of no less than ninety (90) days following the closing date, in order to allow time for evaluation, approval, and award of the purchase order/contract. Any bidder who does not agree to this condition shall specifically communicate in its bid response such disagreement to the University, along with any proposed alternatives. This University may accept or reject such proposed alternatives without further notification or explanation.

k. **Mistakes/Errors.** Respondents are expected to examine the specifications, delivery schedule and all instructions pertaining to supplies and services. Failure to do so will be at Respondent’s risk. In case of a mistake in extension, the unit price will govern.

l. **Condition and Packaging.** It is understood and agreed that any item offered or shipped as a result of this ITB shall be new, or a current standard production model available at the time of this response. All containers shall be suitable for storage or shipment, and all prices shall include standard commercial packaging.

m. **Discounts.** A cash discount for prompt pay may be offered. However, such discounts shall not be considered in determining the lowest net cost for response evaluation purposes. Discounts will be computed from the date of satisfactory delivery at place of acceptance or from receipt of a correct invoice at the office specified, whichever is later. Respondents are encouraged to reflect cash discounts in the unit prices proposed.

n. **Taxes.** FSU, as an agency of the State of Florida, is entitled to the benefits of sovereign immunity including immunities from the payment of federal excise and state sales taxes on direct purchases of tangible personal property or services by the Respondent in the performance of the contracts with FSU.

**Important Note Regarding Written Bid Response**

The determination of the companies selected will be based on evaluation of the written response submitted. Any response that does not provide complete, accurate, and detailed answers to each question or which indicates the company prefers to defer providing complete details until a later stage in the process, may be declared non-responsive and rejected without further evaluation or consideration.
IX. RESPONSIVENESS AND RESPONSIBILITY DETERMINATION

Responsiveness Determination
A bid response that is considered responsive is one that conforms to all essential requirements and satisfies all mandatory conditions set forth in the ITB specifications. Essential requirements and mandatory conditions can include required qualifications, necessary company resources and experience, pre-qualification requirements, and required certifications, and various other required or mandatory specifications. Section 287.012(25) F.S. defines a “responsive bid, responsive proposal, or responsive reply” as “a bid, proposal, or reply submitted by a responsive and responsible vendor that conforms in all material respects to the solicitation.” Section 287.012(26) F.S. defines a “responsive vendor” as “a vendor that has submitted a bid, proposal, or reply that conforms in all material respects to the solicitation.”

Responsibility Determination
A Respondent is responsible if it can perform the contract as promised. Thus, the concept of responsibility focuses on the Respondent’s trustworthiness, quality, fitness and capacity to satisfactorily perform. Determining whether a Respondent is responsible can include evaluation of the following: financial resources, performance schedule, performance record, organization and skills, equipment and facilities, and various other matters relating to the ability of a Respondent to perform the contract. Section 287.012(24) F.S. defines a “responsible vendor” as “a vendor who has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance.”

X. MANUFACTURER’S NAMES, APPROVED EQUIVALENTS, BEST VALUES, OR SOLUTIONS
Any manufacturers’ names, trade names, brand names, or catalog numbers used in the specifications are there for the purpose of establishing and describing general performance and quality levels. Such references are not intended to be restrictive and responses are invited on comparable brands or products of any manufacturer. The Respondent may propose any equivalent brand or product that meets or exceeds the specifications for an item(s). However, a Respondent shall not be allowed to bid more than one brand or equivalent products on any one item. It is the Respondent’s responsibility to select the single equivalent brand or product that his/her firm sells which meets all specifications and is the lowest in cost. If a Respondent bids more than one equivalent brand or product on an item, only the equivalent brand or product bidding the lowest response shall be considered. If a bid is based on an equivalent brand or product the manufacturer’s name and number must be indicated on the response form. Respondent shall submit with the bid, cuts, sketches, and descriptive literature, and/or complete specifications. Reference to literature submitted with a previous bid will not satisfy this provision. The Respondent shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereeto. In addition, if a Respondent has more than one best value or solution for a ITB, they should base their bid response on the best value or solution that meets FSU’s requirements in the written ITB process. FSU reserves the right to determine acceptance of item(s) as an approved equivalent or best values and solutions. Bids which do not comply with these requirements are subject to rejection. Bids lacking any written indication of intent to bid an alternative brand will be received and considered incomplete of compliance with the specifications as listed on the ITB document. The Sole Point of Contact in Procurement Services is to be notified of any proposed changes in (a) materials used, (b) manufacturing process, or (c) construction. However, changes shall not be binding upon FSU unless evidenced by an addendum issued by Procurement Services.

XI. INTERPRETATIONS
Respondents shall examine the ITB to determine if FSU’s requirements are clearly stated. If there are any requirements that are too vague or restrict competition, the Respondent may request, in writing, that the specifications be changed. A Respondent who requests changes in the specifications must identify and describe the Respondent’s difficulty in meeting FSU’s specifications; must provide detailed justification for the change, and must provide a recommended
change in the specifications. Any questions concerning ITB conditions and specifications shall be directed in writing to the Sole Point of Contact for receipt by the date specified in the Calendar of Events. Inquires must reference the date of ITB opening and ITB number. No interpretation shall be considered binding unless provided in writing by the FSU in response to a request in full compliance with this provision. Oral or late requests will not be valid. A Respondent’s failure to request changes by the permissible date shall be considered an acceptance of FSU’s specifications and a waiver of the Respondent’s right to protest the ITB specifications. FSU reserves the right to determine which changes to the ITB shall be acceptable.

XII. NONCONFORMANCE TO BID CONDITIONS
Items may be tested and/or inspected for compliance with specifications by any appropriate testing facilities. Should the items fail testing, FSU may require the Respondents to reimburse FSU for all costs incurred by FSU in connection with the examination. The data derived from any test for compliance with specifications are public records and open to examination in accordance with Chapter 119, F.S. Items delivered not conforming to specifications may be rejected and returned at Respondent’s expense. Items delivered which do not comply with the ITB specification and items not delivered as per delivery date in the ITB and/or purchase order may result in Respondent being found in default. In which event, any and all reprocurement costs may be charged against the defaulting Respondent. Any violation of these stipulations may also result in Respondent’s name being removed from Procurement Services bidder distribution list.

XIII. ADDITIONS, DELETIONS, SUBSTITIONS
Should FSU find it necessary to supplement, modify, correct, or interpret any portion of the ITB during the ITB period, such action shall be taken by issuance of a written Addendum to the documents distributed to all known prospective Respondents.

XIV. LEGAL REQUIREMENTS
Applicable provisions of all Federal, State, County, and local laws, and of all ordinances, rules and regulations shall govern development, submittal and evaluation of all bid responses received in response hereto and shall govern any response by FSU by and through its officers, employees, and authorized representatives, or any other person, natural or otherwise. Lack of knowledge by any Respondent shall not constitute a cognizable defense against the legal effect thereof.

XV. LOBBYING AND GRATUITIES
It shall be a breach of ethical standards for any employee of FSU or member of FSU Board of Trustees to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with this ITB or resulting contract for commodities or services. The Respondent shall not, in connection with this ITB or any other contract with FSU, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any FSU officer or employee’s decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any FSU officer or employee. For purposes of clause (2), “gratuity” means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind.

Respondents are prohibited from using funds provided under contract or PO for the purpose of lobbying the Legislature or any official, officer, commission, board, authority, council, committee, or department of the executive branch or the judicial branch of state government.

XVI. ADVERTISING
In submitting a bid, Respondent agrees not to use the results therefrom as a part of commercial advertisement.
XVII. PUBLIC INSPECTION
All material submitted and opened becomes subject to the Public Records Law set forth in Chapter 119 F.S. This includes material which the Respondent might consider to be confidential or a trade secret. Any claim of confidentiality is waived upon submission, effective after ITB opening pursuant to Section 119.07, F.S. In accordance with Florida Statutes, sealed bids received by FSU pursuant to a ITB are exempt from Chapter 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as FSU provides notice of an intended decision or until 30 days after opening the ITB bids, whichever is earlier.

If FSU rejects all bids submitted in response to an ITB and FSU concurrently provides notice of its intent to reissue the ITB, the rejected bids remain exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as FSU provides notice of an intended decision concerning the reissued ITB or until FSU withdraws the reissued ITB. A bid is not exempt for longer than 12 months after the initial notice rejecting all bids.

XVIII. COMPETITIVE SOLICITATION (ITB) TABULATION
An ITB Tabulation that serves as the “Notice of Intended Decision” will be posted for review by interested parties on the Procurement Services website at: http://procurement.fsu.edu/CS Decisions and will remain posted for a period of seventy-two (72) hours. Any person who is adversely effected by FSU decisions or intended decisions as detailed above in connection with this ITB, shall file a written “Notice of Protest” with the Director of Procurement Services. Failure to file a protest within the time prescribed in accordance with BOG Regulation 18.002 and FSU Regulation FSU-2.015, or failure to post the bond or other security as required in BOG Regulation 18.003, shall constitute a waiver of right to protest.

XIX. COVERAGE AND PARTICIPATION
With the consent and agreement of the successful Respondent, and pursuant to their own governing laws, purchases may be made under this ITB by other universities, governmental agencies or political subdivisions within the State of Florida pursuant to BOG Regulation 18.001. Other entity purchases are independent of the contract between entity and awarded Respondent, and FSU shall not be a party to any transaction between the awarded Respondent and any other purchaser.

XX. SPECIAL ACCOMMODATIONS

If you have questions regarding where or how to park on campus, please contact FSU Parking Services at (850) 644-5278. Any person requiring special accommodations should contact Procurement Services at 850-644-6850 and ask for the Sole Point of Contact noted in the ITB.

XXI. ADDITIONAL QUANTITIES
Unless otherwise noted in the ITB document, for a period not exceeding ninety (90) days from the date of award of the bid by FSU, the right is reserved to acquire additional quantities up to the amount shown on the ITB, but not to exceed $75,000, at the prices listed on the bid response to this ITB. If additional quantities are not acceptable, the tabulation sheet must be noted “RESPONSE IS FOR SPECIFIED QUANTITY ONLY.”

XXII. CONFLICT BETWEEN DOCUMENTS
