Note: The following questions was omitted when the addendum for Questions/Answers was posted.
In order to accommodate your pricing request in the ITN, since this is an opt-in solution, having guidance from you on what tiers you would like pricing at would be appreciated.

The volume of users will depend on the number of institutions that choose to opt-in to the Master Agreement, and is unknown at this point. Please use your standard business model for providing tiered pricing. In the alternative, please use the following tiers for the number of potential users (however, this is not a guarantee of any final participation numbers):

Tier 1: 0 – 10,000
Tier 2: 10,001 – 50,000
Tier 3: 50,001 – 100,000
