X. EVALUATION PROCESS
FSU will establish an Evaluation Committee comprised of representatives knowledgeable about the services and intent of the ITN to evaluate all proposals. The purpose of the Committee and evaluation process is to objectively review, discuss, and analyze submitted proposals and to narrow the list of Respondents to those firms which present the best proposal and are best qualified to provide any and all of the services outlined in the ITN. The Evaluation Committee will evaluate and provide a consensus opinion of all initial proposals. The proposals most closely aligned with the preferred requirements or offering a solution that is determined to be desirable and in the best interest of FSU by the Evaluation Committee will be invited into the negotiation process. After initial written proposal responses have been evaluated, the following negotiation process will be utilized:

a. FSU may determine a short list of two or more companies with whom to enter into negotiations either concurrently or sequentially, whichever is in the best interest of FSU.

b. If, at the conclusion of the negotiation process, the evaluation team feels that further evaluation of an offer is not needed and is unlikely to end in a contract award to the Respondent, the Respondent may be notified that his/her participation has been terminated.

c. At the conclusion of this negotiation process, companies in whose offer FSU is still interested may be asked to submit a written best and final offer to memorialize all agreements reached
during negotiations and to extend additional benefits to FSU. An invitation to submit a best and final offer is not automatic.

d. The negotiation process will stop upon submission of the “best and final” offers and companies will not be allowed to make further adjustments to their offer or communicate further with FSU, except to respond to requests for clarification from the Committee.

e. The final decision of the Evaluation Committee will be based upon the initial written response, negotiation sessions, and any best and final offers, if applicable. Award(s) shall be made to the responsive and responsible Respondent(s) whose proposal is determined to be the most advantageous to or in the overall best interest of FSU, taking into account the evaluation criteria.

FSU May:

- Reject any and all proposals or any part thereof, to waive informalities, to accept and further negotiate the proposal(s) deemed most favorable and beneficial to FSU, and to make single or multiple awards. Incomplete proposals may not be considered in the evaluation.
- Reserve the right to, but is not obligated to, request and require that each Respondent provide an in-person formal presentation of its proposal at a date and time to be mutually determined.
- Reserve the right to inspect and investigate thoroughly the establishment, facilities, equipment, business reputation and other qualifications of the Respondent(s) and any subcontractors and to reject any proposal irrespective of pricing and financial terms if it is determined that the Respondent is deficient in any of the essentials necessary to assure acceptable standards of performance in the services of this ITN.
- Reserve the right to refrain from notifying the unsuccessful Respondent(s) that their proposals have not been awarded by FSU until after FSU has entered into a binding agreement with the successful Respondent(s).
- Reserve the right to require a presentation from any and all Respondents, in which they may be asked to provide or they may provide information in addition to that provided in their proposals.

FSU Will:

- Reject proposals not received by the written proposal due date/time required by the ITN.
- Reject any proposal that fails to meet mandatory specifications (i.e. functional, cost or contractual requirements) stated in the ITN.

A request for return of samples shall be accompanied by instructions which include shipping authorization and name of carrier and must be received with your proposal. If instructions are not received within this time, the samples shall be disposed of by FSU.

h. Disqualification of Respondent. Only one proposal response from an individual, firm, partnership, corporation or association under the same or different names will be considered. Reasonable grounds for believing that a Respondent is involved in more than one proposal response for the same ITN will be cause for rejection of the highest proposal response in which such Respondents are believed to be involved. Any or all proposals will be rejected if there is reason to believe that collusion exists between Respondents. Proposals in which the prices obviously are unbalanced will be subject to rejection.

i. Proposal materials. The materials submitted in response to this ITN become the property of FSU upon delivery to Procurement Services.
Important Note Regarding Initial Written Response
The determination of the companies selected for the short list with which negotiations will continue will be based on evaluation of the written response submitted. There will be no opportunity for presentations at this stage. Any response that does not provide complete, accurate, and detailed answers to each question or which indicates the company prefers to defer providing complete details until a later stage in the process, may be declared non-responsive and rejected without further evaluation or consideration.

XIII. RESPONSIVENESS AND RESPONSIBILITY DETERMINATION

Responsiveness Determination
A proposal response that is considered responsive is one that conforms to all essential requirements and satisfies all mandatory conditions set forth in the ITN specifications. Essential requirements and mandatory conditions can include required qualifications, necessary company resources and experience, pre-qualification requirements, and required certifications, and various other required or mandatory specifications. Section 287.012(25) F.S. defines a “responsive bid, responsive proposal, or responsive reply” as “a bid, proposal, or reply submitted by a responsive and responsible Vendor that conforms in all material respects to the solicitation.” Section 287.012(26) F.S. defines a “responsive Vendor” as “a Vendor that has submitted a bid, proposal, or reply that conforms in all material respects to the solicitation.”

Responsibility Determination
A Respondent is responsible if it can perform the contract as promised. Thus, the concept of responsibility focuses on the Respondent’s trustworthiness, quality, fitness and capacity to satisfactorily perform. Determining whether a Respondent is responsible can include evaluation of the following: financial resources, performance schedule, performance record, organization and skills, equipment and facilities, and various other matters relating to the ability of a Respondent to perform the contract. Section 287.012(24) F.S. defines a “responsible Vendor” as “a Vendor who has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance.”

XIV. MANUFACTURER’S NAMES, APPROVED EQUIVALENTS, BEST VALUES, OR SOLUTIONS
Any manufacturers’ names, trade names, brand names, or catalog numbers used in the specifications are there for the purpose of establishing and describing general performance and quality levels. Such references are not intended to be restrictive and proposal responses are invited on comparable brands or products of any manufacturer. The Respondent may propose any equivalent brand or product that meets or exceeds the specifications for an item(s). However, a Respondent shall not be allowed to offer more than one brand or equivalent products on any one item. It is the Respondent’s responsibility to select the single equivalent brand or product that his/her firm sells which meets all specifications and is the lowest in cost. If a Respondent offers more than one equivalent brand or product on an item, only the equivalent brand or product offering the lowest response shall be considered. If an offer is based on an equivalent brand or product the manufacturer’s name and number must be indicated on the response form. Respondent shall submit with the proposal, cuts, sketches, and descriptive literature, and/or complete specifications. Reference to literature submitted with a previous proposal will not satisfy this provision. The Respondent shall also explain in detail the reason(s) why the proposed equivalent will meet the specifications and not be considered an exception thereto. In addition, if a Respondent has more than one best value or solution for an ITN, they should base their offer on the best value or solution that meets FSU’s requirements in the written phase of the ITN process. FSU reserves the right to determine acceptance of item(s) as an approved equivalent or best values and solutions. Proposals which do not comply with these requirements are subject to rejection. Proposals lacking any written indication of intent to offer an alternative brand will be received and considered incomplete of compliance with the specifications as listed on the ITN document. The Sole Point of Contact in Procurement Services is to be notified of any proposed changes in (a) materials used, (b) manufacturing process, or (c) construction.
However, changes shall not be binding upon FSU unless evidenced by an addendum issued by Procurement Services.

XV. INTERPRETATIONS
Respondents shall examine the ITN to determine if FSU’s requirements are clearly stated. If there are any requirements that are too vague or restrict competition, the Respondent may request, in writing, that the specifications be changed. A Respondent who requests changes in the specifications must identify and describe the Respondent’s difficulty in meeting FSU’s specifications; must provide detailed justification for the change, and must provide a recommended change in the specifications. Any questions concerning ITN conditions and specifications shall be directed in writing to the Sole Point of Contact for receipt by the date specified in the Calendar of Events. Inquires must reference the date of ITN opening and ITN number. No interpretation shall be considered binding unless provided in writing by the FSU in response to a request in full compliance with this provision. Oral or late requests will not be valid. A Respondent’s failure to request changes by the permissible date shall be considered an acceptance of FSU’s specifications and a waiver of the Respondent’s right to protest the ITN specifications. FSU reserves the right to determine which changes to the ITN shall be acceptable.

XVI. NONCONFORMANCE TO SOLICITATION CONDITIONS
Items may be tested and/or inspected for compliance with specifications by any appropriate testing facilities. Should the items fail testing, FSU may require the Respondents to reimburse FSU for all costs incurred by FSU in connection with the examination. The data derived from any test for compliance with specifications are public records and open to examination thereunto in accordance with Chapter 119, F.S. Items delivered not conforming to specifications may be rejected and returned at Respondent’s expense. Items delivered which do not comply with the ITN specification and items not delivered as per delivery date in the ITN and/or purchase order may result in Respondent being found in default. In which event, any and all reprocurement costs may be charged against the defaulting Respondent. Any violation of these stipulations may also result in Respondent’s name being removed from Procurement Services bidder distribution list.

XVII. ADDITIONS, DELETIONS, SUBSTITIONS
Should FSU find it necessary to supplement, modify, correct, or interpret any portion of the ITN during the ITN period, such action shall be taken by issuance of a written Addendum to the documents distributed to all known prospective Respondents.

XVIII. LEGAL REQUIREMENTS
Applicable provisions of all Federal, State, County, and local laws, and of all ordinances, rules and regulations shall govern development, submittal and evaluation of all proposal responses received in response hereto and shall govern any response by FSU by and through its officers, employees, and authorized representatives, or any other person, natural or otherwise. Lack of knowledge by any Respondent shall not constitute a cognizable defense against the legal effect thereof.

XIX. LOBBYING AND GRATUITIES
It shall be a breach of ethical standards for any employee of FSU or member of FSU Board of Trustees to accept, solicit, or agree to accept a gratuity of any kind, form or type in connection with this ITN or resulting contract for commodities or services.

The Respondent shall not, in connection with this ITN or any other contract with FSU, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any FSU officer or employee’s decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any FSU officer or employee. For purposes of clause (2), “gratuity” means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind.
Respondents are prohibited from using funds provided under contract or purchase order for the purpose of lobbying the Legislature or any official, officer, commission, board, authority, council, committee, or department of the executive branch or the judicial branch of state government.

XX. ADVERTISING
In submitting a proposal, Respondent agrees not to use the results therefrom as a part of commercial advertisement.

XXI. PUBLIC INSPECTION
All material submitted and opened becomes subject to the Public Records Law set forth in Chapter 119 F.S. This includes material which the Respondent might consider to be confidential or a trade secret. Any claim of confidentiality is waived upon submission, effective after ITN opening pursuant to Section 119.07, F.S. In accordance with Florida Statutes, sealed proposals, or replies received by FSU pursuant to a ITN are exempt from Chapter 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as FSU provides notice of an intended decision or until 30 days after opening the ITN proposals, or final replies, whichever is earlier.

If FSU rejects all proposals, or replies submitted in response to a ITN and FSU concurrently provides notice of its intent to reissue the ITN, the rejected proposals, or replies remain exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution until such time as FSU provides notice of an intended decision concerning the reissued ITN or until FSU withdraws the reissued ITN. A proposal, or reply is not exempt for longer than 12 months after the initial notice rejecting all proposals, or replies.

XXII. COMPETITIVE SOLICITATION (ITN) AWARD
An ITN Notice of Intended Award Letter that serves as the “Notice of Intended Decision” will be posted for review by interested parties on the Procurement Services website at:
http://procurement.fsu.edu/CS%20Decisions and will remain posted for a period of seventy-two (72) hours. Any person who is adversely effected by FSU decisions or intended decisions as detailed above in connection with this ITN, shall file a written “Notice of Protest” with the Director of Procurement Services. Failure to file a protest within the time prescribed in accordance with BOG Regulation 18.002 and FSU Regulation FSU-2.015, or failure to post the bond or other security as required in BOG Regulation 18.003, shall constitute a waiver of right to protest.

XXIII. COVERAGE AND PARTICIPATION
With the consent and agreement of the successful Respondent, and pursuant to their own governing laws, purchases may be made under this ITN by other universities, governmental agencies or political subdivisions within the State of Florida pursuant to BOG Regulation 18.001. Other entity purchases are independent of the contract between entity and awarded Respondent, and FSU shall not be a party to any transaction between the awarded Respondent and any other purchaser.

XXIV. SPECIAL ACCOMMODATIONS
It is recommended that Respondent(s) arrive approx. one (1) hour before the start time of any scheduled negotiation, presentation or mandatory site visit. Attendees must follow all FSU parking regulations. If you have questions regarding where or how to park on campus, please contact FSU Parking Services at 850 644-5278. Any person requiring special accommodations should contact Procurement Services at 850-644-6850 and ask for the Sole Point of Contact noted in the ITN.

XXV. ADDITIONAL QUANTITIES
Unless otherwise noted in the ITN document or different terms are negotiated, for a period not exceeding ninety (90) days from the date of award of the proposal by FSU, the right is reserved to acquire additional quantities up to the amount shown on the ITN, but not to exceed $75,000, at the prices listed on the proposal response to this ITN.

XXVI. CONFLICT BETWEEN DOCUMENTS
If any terms and conditions contained within the documents related to this ITN are in conflict with any other terms and conditions therein, then the various documents comprising this ITN, as applicable, shall govern in the following order of precedence: Change Order, Purchase Order, Addenda, ITN special Terms and Conditions, ITN Specifications, General Conditions of the ITN Acknowledgement form.

XXVII. PROPRIETARY OR CONFIDENTIAL INFORMATION.
If the Respondent needs to submit proprietary information with the proposal, the Respondent shall ensure that it is enclosed in a separate envelope from the proposal and that it is clearly designated and conspicuously labeled as such. Respondents who submit proposals with information noted as proprietary or confidential may be asked to substantiate why the information is proprietary or is otherwise exempt from a public records request under Florida Law.

Selection or rejection of the proposal shall not affect the University's right of use. Provided, however, that the University will, in good faith, honor any respondent information that is clearly designated and conspicuously labeled as proprietary when the University concurs that the information is proprietary, and that trade secrets or other proprietary data contained in the proposal documents shall be maintained as confidential in accordance with procedures promulgated by Procurement Services and subject to limitations in Florida or Federal law. Pricing information cannot be considered proprietary. The University shall not be liable in any manner or in any amount for disclosing proprietary information if such information is not clearly so designated and conspicuously so labeled. The University shall likewise not be liable if it did not know or could not have reasonably known that such information was proprietary.

Should a request be made of the University for access to the information designated confidential or trade secret by the respondent, and upon the basis of that designation the University denies the request, the respondent shall be solely responsible for defending its position that the designated information is confidential and exempt from disclosure pursuant to Ch. 119, Florida Statutes. If there is a challenge received by the University to the confidentiality of the materials designated as trade secrets, the University shall notify the respondent of such challenge. The respondent shall have thirty (30) days following receipt of the notice from the University to file an action with a court of competent jurisdiction seeking an order barring public disclosure of the information. Failure to file such action within the thirty (30) days constitutes a waiver of any claim of confidentiality and the University will release the information as requested. Respondent also agrees to indemnify and hold harmless the University for any award, damages, fines, fees, penalties or impositions and all costs and fees, including attorney’s fees, incurred by the University in connection with this section.

XXVIII. PURCHASES OF TANGIBLE PERSONAL PROPERTY – PRICE PREFERENCES TO FLORIDA SUPPLIERS (See Attachment A – ATTESTATION OF PRINCIPAL PLACE OF BUSINESS):

Awards of Invitations to Negotiate: For purchases of tangible personal property, the 2012 Florida legislature enacted economic development laws establishing certain conditions and circumstances which, when applicable, require the granting of price preferences to businesses whose “principal place of business” is the State of Florida.

- **Principal Place of Business Definition:** Principal place of business is defined as location where a corporation’s officers direct, control, and coordinate the corporation’s activities (known as the nerve center test). In most states, corporations must report their principal place of business to the Secretary of State.

- **Personal Property:** When the most advantageous proposal, or the best value reply is submitted by a Respondent whose principal place of business is in a state or political subdivision outside the State of Florida, which grants a preference for the same purchase to a Supplier in such state or political subdivision, as applicable, then FSU shall grant the same preference to the responsible and responsive Resident Supplier with the most advantageous proposal received, or the best value reply received pursuant to an Invitation to Negotiate.
With respect to Proposals and Invitations to Negotiate, if the most advantageous proposal or best value reply in that state does not grant a preference to companies having a principal place of business in that state, then no price preference will be granted.

Personal Property Definition: “Personal Property” shall be defined as goods and commodities, but not real estate, intellectual property or services.

- **IMPORTANT NOTICE:** Pursuant to Board of Governors Regulation 18.001, Respondents whose principal place of business is outside the state of Florida must include, with their proposal, or ITN response document, a written statement, signed by an attorney at law licensed to practice in the Respondent’s state (referred to as their “principal place of business” in the law), detailing geographical price preferences, if any or none, granted by the laws of that state or political subdivision.

- **Note:** The Respondent’s principal place of business, as represented by the Respondent in its proposal or reply, may be relied upon by FSU without further inquiry. If FSU determines that a Respondent has misrepresented its principal place of business, the Respondent’s proposal or reply shall be rejected.

**XXIX. CERTIFICATION OF PROPOSAL**
Respondent agrees to be bound by the content of this proposal and agrees to comply with the terms, conditions and provisions of the referenced ITN and any addenda thereto in the event of any award. Exceptions are to be noted as stated in the ITN. By signature on the Competitive Solicitation Acknowledgement form, the Respondent certifies that (1) proposal did not involve collusion or other anti-competitive practices, (2) Respondent has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted proposal, (3) Respondent certifies there is no employee of FSU, or whose relative has, a substantial interest in any Agreement subsequent to this ITN, (4) Respondent certifies they are not currently debarred, or suspended or proposed for debarment by any federal entity and agrees to notify FSU of any change in this status, should one occur, until such time as an award has been made under this procurement action and (5) Respondent certifies review of the ITN in its entirety and understands the terms and conditions contained herein and referenced below.

6. **Payment Contingent on Appropriation.** This paragraph applies if this Contract expires in a fiscal year subsequent to the fiscal year in which the Contract is entered. The State of Florida’s fiscal year comprises July 1 through June 30. FSU’s performance and obligation to pay under this Contract is contingent upon an annual appropriation by the Legislature. If the Legislature fails to make the necessary appropriation, FSU will determine if there are other unencumbered funds which are available and which can be lawfully expended to pay for FSU’s obligations hereunder. If FSU determines that there are no such funds, FSU shall promptly notify Contractor. The giving of notice shall be deemed to have cancelled this Contract by mutual consent, with the date of notice being the date of cancellation.

FSU’s decision on the petition shall be final, subject to the Contractor’s right to review pursuant to Florida Board of Governors Regulations. Exhaustion of administrative remedies is an absolute condition precedent to the Contractor’s ability to pursue any other form of dispute resolution; provided, however, that the parties may employ the alternative dispute resolution procedures outlined in Chapter 120. Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate court in Leon County, Florida; in any such action, Florida law shall apply. Each party shall be liable for its own costs and fees, including attorney’s fees.

14. **Insurance.** Contractor and Contractor’s subcontractors shall have and maintain types and amounts of insurance that at a minimum cover their exposure in performing this Contract. FSU is self-insured, and will provide its Certificate of Insurance upon request; FSU is not required to obtain additional insurance for this Contract. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor. Upon request, the Contractor shall provide a certificate of insurance. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor’s liability and obligations under this Contract. All insurance policies shall be through insurers authorized to be eligible to write policies in Florida. Contractor shall comply with specific FSU insurance provisions as prescribed at [http://procurement.fsu.edu/InsuranceProvisions](http://procurement.fsu.edu/InsuranceProvisions) unless stipulated otherwise within the PO or Contract.

15. **Indemnification.** Contractor agrees to indemnify and hold free and harmless, and defend the University, the Florida State University Board of Trustees, Florida State University Officers, employees and agents from and against any and all actions, claims, liabilities, assertions of liability, losses, costs and expenses, which in any manner directly or indirectly may arise or be alleged to have arisen, or resulted or alleged to have resulted from bodily injury or property damage or any infringement of third party intellectual property rights caused by Contractor or its officers, employees, agents and contractors, in connection with this Contract. Notwithstanding the foregoing, Contractor and its present and former partners, principals and employees shall not be liable for any special, consequential, incidental, exemplary damages or loss (or any profits, taxes, interest, tax penalties, savings or business opportunity) or any loss, damage, or liability arising from the negligence or willful misconduct of FSU.

16. **Copyright, Patents and Royalties.** The Contractor, without exception, shall indemnify and save harmless FSU and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process, or article manufactured or used in the performance of this Contract, including its use by FSU. If the Contractor uses any design, device, or materials covered by letters, patent, trademark, copyright or other intellectual property right or other right, it is mutually agreed and understood without exception that the Contract pricing shall include all royalties or cost arising from the use of such design, device or materials in any way involved in the work. Contractor also shall indemnify and hold harmless FSU and the FSU Board of Trustees and FSU’s officers, employees, agents and/or servants from and
against any and all liabilities, actions, damages, suits, proceedings and judgments from claims instituted or recovered against FSU by any person or persons whomsoever on account of FSU’s use or sale of such article in violation of rights under such patent, copyright, trademark, other intellectual property right or other right.

17. **Public Records Access.** FSU may immediately cancel this Contract in the event Contractor refuses reasonable public access to all documents, papers, letters, or other materials made or received by Contractor in conjunction with this Contract, unless the reports are exempt from Section 24(e) of Article I of the Florida Constitution or Section 119.07(1), Florida Statutes.

18. **Public Records, Contract for Services.** To the extent that Contractor meets the definition of “Contractor” under Section 119.0701, Florida Statutes, in addition to other contract requirements provided by law, Contractor must comply with public records laws, including the following provisions of Section 119.0701, Florida Statutes:

(a) Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.

(b) Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law, regulation, or accounting oversight body.

If Contractor is not an agency of the State of Florida, Contractor guarantees that no individual shall render service under this Contract who is also being paid in any capacity by the State of Florida, except the service of such an individual may be utilized when Contractor can clearly establish that
