JOB AID
Completing a Requisition

Overview
This Job Aid is for those who have the Requester Role. While Shoppers can complete this information they must assign their cart to a Requester to actually place their orders. Requesters can create carts, process carts from other shoppers/requesters and also submit the order for processing. This Job Aid does not cover the shopping portion of creating a cart as this is covered in the Shopping Job Aids.

Access SpearMart by navigating to https://my.fsu.edu/ and logging in with your MyFSU username and password, and then click the SpearMart Icon under MyFSU Links:

Make sure to name your cart so that it will be easy to use for finding the requisition in the future

Notice the Guided Checkout Status Bar at the top shows you what areas require your attention. See the Setting Up Your Profile Job Aid for guidance on how to set up default ship-to, chart fields etc. which makes processing your shopping carts even more efficient.
If you have any addresses set up in your user profile, you can select them from the dropdown. Otherwise, click on Click Here to pull up the available ship to addresses.

Enter the building name you are seeking. In this example, we’re looking for Westcott.

Enter your room or suite number.

Notice now that you entered your ship-to information, the red triangle changed to a green circle. Click on Accounting Codes.
Every office/room on campus has a unique **Location**. Facilities maintains the master [Building List](#) which includes all active buildings on campus. **Locations** have the format shown above.

You can enter a partial value in the Value field (i.e. "0223") and then click the Search button. This will bring up all Locations that start with 0223.

You could also enter a phrase in the Description field (i.e. "Westcott") and then click the Search button. This will bring up all Locations that have the phrase "Westcott " in them.

HELPFUL TIP

Entering your room number in the Description field may prove to be the quickest way to finding your Location.
Enter Fund or **Select from all Values** and use the Search function as you have for other chart fields.

Enter your Department number in the Value Field or Type your Department Name in the Description Field and Click Search.

If there is any additional information you would like to provide an approver, you can add it by clicking on Comments.

After you have entered the necessary comments and/or attached any necessary documents, click **Add Comment**.
