- [Exporting Search Results to MS Excel](#)

Simple Search

- Select type of document(s) you are searching for from the left dropdown
- Select the **Date** range or enter a custom date range to in the right dropdown
- Enter the search term (supplier name etc.)

In this instance, we have chosen to search for Purchase orders and from here, you can search by "Created Date"

In this example, the search was for all POs within the last 90 days.

You can refine your search results by using any of the quick filters on the left-hand side of your screen OR you can add a filter.

Advanced Search

There are a number of ways to use an advanced search whether you are searching by a particular user, supplier, specific date range, one or more chart fields, \$ amount, date range, commodity code, etc. In the example below, we want to see all completed requisitions to Dell Marketing, over the last 30 days, using Fund 110.

Click "Add Filter:" and a drop-down filter search will appear.

Type in "fund" and then click the box in order to filter by fund code.

You can either type in the desired fund code or you can click the "+" sign to select a currently listed code, then click "Apply"
