Even though this is just a form request and is not a request to purchase anything, the system requires that you provide all of the same information as a purchase to move it forward (i.e. ship-to-address, Account Codes etc.) You can either Click the **Proceed to Checkout** or **Assign Cart** buttons and follow the same process as you would for any other shopping cart. For additional information on how to complete the shopping cart process, please see the shopping Job Aids.
