Approval page view enhancement.

The Approval checkmark (located on the requisition approval page) has been replaced with an Approve button. In addition, on the same page, you now can click anywhere on a folder row to expand and collapse the folder. The color of the Approval rows has also been enhanced to make it more visible.

Example:

Current view: Requisition Approval main page

Updated view

Click anywhere on any of the folder rows to expand the folders to view their content. Click it once more to collapse the view.

Enhanced overall coloring

New Approve button

Contract - Ability to search contracts via “Classic search” or “New search” option.

A new functionality has been added to the Contract search feature which enhances the user search experience when searching for contracts. To access the “New search” feature, follow the steps below. The current (default) setting is “Classic search”.

Example:

Classic search option

![Classic search option](attachment:image1.png)

New search option

![New search option](attachment:image2.png)

How to select between the “Classic search” and the “New search” views.

From the Contract search page, click on the button (located on the right bottom of the page), select “New search” and click “Save”.

![New search option](attachment:image3.png)

To switch back to the “Classic search”, perform the reversal steps above.
